## How I Love You

Reference number pt0054

Let me try to tell you how I love you  
More than any dream I ever dreamed.  
More than anything I wanted or wished in days gone by  
on the clearwater stars in the infinite sky.

Tell me how my heart could ever thank you  
for showing it a technicolor view.  
For filling it with music of a lost familiar song  
and giving me the chance to sing along.

Ev'ry night I'd whisper to the moon  
Someday soon please send a love to find me.  
Never thought that miracles came true,  
'til you came into my life to remind me.

Let me show the world how much I love you.  
More than any lyrics can convey.  
But if words are hard to find,  
I won't mind for I'll have you to help me ev'ry day.

Hold me as we go, and in my heart I'll know  
Together we will find the perfect way.
