Simple

Reference number PT0151

Simple these affairs that touch the heart.
Simple are the ways of love.
Simple as the touch of another's hand,
simple enough for anyone to understand,
but you.

Simple are the ways we come apart
simple as a babe is new!
Simple as a tree,
and as simple as a cloud,
it's as simple as the simplest things have always been
simple as the sun
and the moon
and the stars in the sky...
Simple are the ways we say,
"Goodbye."
