The Movie In My Mind

Reference number PT0195

GIGI

They are not nice, they're mostly noise
They swear like men, they screw like boys
I know there's nothing in their hearts
But ev'ry time I take one in my arms
it starts

The movie in my mind
The dream they leave behind
A scene I can't erase
And in a strong GI's embrace
Flee this life
Flee this place

The movie plays and plays
The screen before me fills
He takes me to New York
He gives me dollar bills
Our children laugh all day
And eat too much ice cream
And life is like a dream
Dream

The dream I long to find
The movie in my mind

KIM

I will not cry, I will not think
I'll do my dance, I'll make them drink
When I make love, it won't be me
And if they hurt me, I'll just close my eyes and see

GIRLS

They are not nice, they're mostly noise

KIM

The movie in my mind

GIRLS

They kill like men, they die like boys

KIM

The dream that fills my head

GIRLS

They give their cash, they keep their hearts

KIM

A man who cannot kill

GIRLS

But ev'ry night, again it starts

KIM

Who'll fight for me instead

He'll keep us safe all day

So no one comes at night

To blow the dream away

Dream

The dream I have to find

The movie in my mind

GIRLS

And in a strong GI's embrace

Flee this life

Flee this place

KIM

A world that's far away

Where life is not unkind

The movie in my mind
