Look At Me

Reference number PT0204

Sukie

Look at me; I'm where I started

Jane

Look at me, its like I've just begun.

Alex

Look at me, I'm back at chapter one.

All

Yet there's a change that I can see.

Alex

Look at me,
Look at me.

Jane & Sukie

Look at me, confused but wiser.
Look at me,

All

Look at me, afraid but not alone.

Scared to move, yet standing on my own.

Alex

Inside, the light begins to shine.

Sukie

"Make him mine!"

Jane

So I said.

Alex

"Make him mine!"

Jane & Sukie

But now I see.

All

Everything I needed was there inside of me.

Blessed be.

Forever with my sisters, perfectly in tune.

Alex

Three minds and hearts,

Jane

three practiced arts

Sukie
made one
All
by the blessings of the moon.

Alex
Look at me; I'm well worth seeing.
A work of art beyond compare.

Jane
Look at me; I am the music,
a soaring tune upon the air.

Sukie
Now I see, the words were always there.
Look at me!

All
And all the time I held the key.

Alex
Look at me!
Jane & Sukie

Look at me,
All

I found the power.
Jane

Look at me!
Alex & Sukie
In my life,

All
I found the self-esteem.

Sukie
Look at me!
Alex & Jane

In my heart,
All

I found the answered dream.
And in my soul I found the song.

And in my friends
I found the magic, the love,
the moon up above;
they were mine, all mine...

All along!
Look at me!
Look at me!
Look at me...!
