A World Without You

Reference number PT0391

I couldn't live in a world without you  
I couldn't face a new day without you  
missing the sound of your voice  
and needing the touch of your hand  
wand'ring in some lonely land without you  
that's why I measure each day  
that's why I treasure each moment.  
For I couldn't live in a world without you!  
I couldn't (wouldn't) live in a world without you
