My Life Belongs To You

Reference number PT0412

When first we met
I heard a voice within
"The scene is set
And here's your heroine"
I rais'd my eyes,
My breath was taken by that sweet surprise,
Your heart was mine
By law divine

REFRAIN

My life belongs to you,
My dreams, my songs, all that I do.
No moon, no morning star can shine,
No happiness is mine
Without you near me.
When years have pass'd into the shade,
You'll hear my last serenade
For ever echoing anew
No matter where you go
Your list'ning heart will know
My life belongs to you.

And now at last
The skies are fine again
Our tears are past
And you are mine again.
Night after night
I've dreamed of capturing this true delight.
Our toils are done
Now we are one.

REFRAIN

My life belongs to you,
My dreams, my songs, all that I do.
No moon, no morning star can shine,
No happiness is mine
Without you near me.
When years have pass'd into the shade,
You'll hear my last serenade
For ever echoing anew
No matter where you go
Your list'ning heart will know
My life belongs to you.
