Just For Tonight

Reference number PT0473

SONIA

Just for today let me love you
Just for tonight I'll close my eyes
And when I open them my world will be alright
It couldn't hurt anyone
It wouldn't hurt anyone

Just for today I want to hold you
Just for tonight you'll be my dream
And when the morning comes to wake me that's alright
It couldn't hurt anyone
It wouldn't hurt anyone

Takin' just one more chance
Tryin' for some fun
Up to now my life's been too much said too little done

Just for today
I'll be my feelings
And I know
They'll lead me home
And if we both come back a little wiser
It couldn't hurt anyone
It wouldn't hurt anyone
It shouldn't hurt anyone
Just for tonight
Just for tonight
