Now, do it now.
Hesitate and all is lost.
Stop agonizing what the cost will be.
Sieve the opportunity
Now.
Do it now.

No, Now's the time.
Ready, take your mark and go.
Stop analyzing ev'ry pro and con.
Quick before the mood is gone.
Now, now is prime.

Now... We're gonners if we wait.
Now... Tomorrow is too late.
Now... The moment will soon pass.
Now... For God's sakes move your ass!

Soon... Very soon.
Ev'rything will be a blur.
We'll wonder how we found the courage to
do what we're about to do.
Now.
Now.
Now.
