Look What Happened To Mabel

Reference number PT0614

Mabel

Miss Waitress from Flatbush, get down from up there;
don't you know that you're out of your class?
Miss Waitress from Flatbush, I hope you're aware,
you're behaving like some little ass.
Hey, miss what's this?

See that fascinating creature
with perfection stamped on ev'ry feature;
she was plain little Nellie, the kid from the deli,
but Mother of God, look what happened to Mabel!

From now on this pile of flesh'll
be considered somethin' pretty special,
and Miss B. L. T. Down is the toast of the town;
Mary and Joseph, what happened to Mabel!

Ev'ry gesture and position that she takes
is smart and meticulous.
Talk about the magic that the camera makes,
but this is ridiculous!

Hold your tongue and hold your snickers,
for the new enchantress of the flickers
is that plain little Nellie, the kid from the deli,
So rattle me beads,
look what happened to Mabel!

Someone who was plain as mutton
on the screen is cuter than a button,
and the girl with the pickles
who hustled for nickels
Is somethin' to see;
look what happened to Mabel!

Yesterday a tip collector,
but today just turn on that projector
And Miss Avenoo R is a regular star,
Holy Mother Machree, look what happened to Mabel!

Up to now I really never knew that I
could be so ambitious,
but suddenly I know I have to say goodbye
to bagels and knishes,

(shouted)

Oh St. Aloysius

(sung)

I know that you might think I'm balmy,
but the queen of the corned-beef and salami
is a glamorous goddess who's bustin' her bodice,

Oh! Jumpin' St Jude,

Look what happened to Mabel!
