I Want Them... (Bald)

Reference number PT0739

*(Solo)*

Some women like men with muscles,  
Some women like men with dough.  
Some women like men who write them haiku,  
Or tattoo their name on their toe.  
Some women like men with class and smarts, and breeding,  
But the singular trait, that I love in a mate,  
Is a hairline that's receding...

I want them bald, tall, dark, handsome, and bald.  
Keep your jock, and keep your rock star;  
what makes me crazy is a lack of lock star.

Bald,

*(Backing)*

She likes them bald

*(Solo)*

shining, brilliantly bald;  
Flowing curls are so passé  
Tell your Romeo to throw the comb away.  
How I love when he goes for a haircut, and I mean... a haircut

*(Backing)*

A haircut

and he comes home relaxed,  
with that self-assured, satisfied flair .

*(Backing)*

flair!

He says "Hon, like the style?"  
and I give a soft smile, as I gently run my fingers through his air .

*(Backing)*

He has no hair!

*Solo*

He's bald,

*(Backing)*

He is so bald

and I love him so bald

*(Backing)*

love him so bald

Who needs tangles? Who needs gel?

You can tell Jean Paul David to go to hell!

And to all you young men who are list'ning,

who do that toupée thing

*(Backing)*

toupee thing

and make no mistake, I assure you, we know who you are,

*(Backing)*

who you are

and to all you young men who do one piece real long,

or that spray thing;

*(Backing)*

that spray thing

just go 'au naturel', and believe me, you'll shine like a star,

*(Backing)*

shine like a star, shine like a star

*Solo (spoken)*
