Autumn

Reference number PT0741

Autumn,
It feels like Autumn.
Although the breeze is still I feel the chill of Autumn.
Oh yes, it's Autumn,
It's always Autumn.
However green the hill,
To me it still is Autumn.

I can feel the frost now
That makes my spring and summer dreams seem lost now.
Why can't the autumn haze
Recall the days of warm summer laughter
That faded soon after in Autumn?
He (She) left in Autumn.
And though another season's here,
I feel the emptiness of Autumn all the year.
Autumn,
Autumn.
