## I Had A Ball

Reference number PT0755

Love was hiding around the corner,  
This lonely mourner heard the call.  
Then love found me and put her arms around me,  
So beat the drum, sound the brass,  
What a groove, what a gas,  
Here I come, let me pass,  
Cottage small, a wall to wall  
enchanted blissville in old new kissville,  
The greenest, grandest, greatest state of 'em all.  
If it lasts forever, I'll love it,  
If it's just a lifetime, what of it?  
One short lifetime is long enough for singin',  
Listen, love, I had a ball!
