## Pretty Women

Reference number PT0757

Pretty women... fascinating...  
sipping coffee... dancing...  
Pretty women are a wonder.  
Pretty women!

Sitting in the window or standing on the stair,  
Something in them cheers the air.

Pretty women... silhouetted...  
stay within you, glancing...  
Stay forever, breathing lightly...  
Pretty women, pretty women!  
Blowing out their candles or combing out their hair,  
Even when they leave they still are there.  
They're there.

Ah, pretty women, at their mirrors, in their gardens,  
letter-writing, flower picking, weather watching,  
How they make a man sing!  
Proof of heaven as you're living,  
Pretty women!  
Yes, pretty women!  
Here's to pretty women, pretty women, pretty women,  
Pretty women!
