She's Lovely

Reference number PT0861

Quite a party wasn't it?
A scandalous affair ev'ryone we love to loathe was there!
I could've done without Cosmos,
I mean, really, who drinks Cosmos?
On the other hand, the Veuve Clicqot was grand!
And thank the Lord for bubbly,
'cause at one point I was doubly cornered,
caught between "Annoying Anne" and "Stuck-up Stan" and-
What did you say?
You want my opinion. Okay.
Sure... You really want to know exactly what I thought of her.

She's lovely.
Such elegance, style and grace.
And the glow of romance beams a light
that enhances an already beautiful face.
She's charming, so funny and thoughtful and kind
with a heart that is pure, plus that certain allure you were sure you
would just never find.
But you found her
and I am astounded by all of the changes in you.
I mean, how could this man with his feet on the ground
be the run-a-round guy I once knew?
Oh, but now I've met her, too.
And she's perfect.
I know nobody's perfect, it's true.
But you feel your heart soar when she walks through the door,
so I guess that she's perfect for you.
I wanted to hate her,
I thought she'd be awful but anyone can see she's lovely!
Now the right girls come along and there is only one thing wrong
she's not me.
