Fly Away

Reference number PT0997

She'd tell me 'bout Captain Hook and all of his men
Who followed Peter with a hook replaced as his hand
In those tales bad guys seldom did win.
So the Captain was eaten and Wendy had twins

Well that's the stories I recall,
But I may have made up the end,
don't remember much at three feet tall.
except for when I'd say,
"Mom Let me go to Never Never Land,
let me fly for one day, and throw that fairy dust in my hair,
so I pretend I'm flying away,
I'm flying away."

Well, to my surprise I grew up too fast
and that easy life of Tinker Bell never did last.
So I silently dreamed myself far, far away,
so I could be immortalized like Peter one day,
and that's my childhood as I recall,
though in some ways it never did end,
and now I'm standing, *well*, a little bit taller,
except when I say,
"Mom, let me go to Never Never Land.
Let me fly for one day and throw that fairy dust in my hair."
So I pretend I'm flying away,
I'm flying away.

And though life is never easy
as we as children read in the books
where fairy dust can just fly you so far away.
And all I ask is that you leave me my imagination.
So I can pretend I'm flying away, I'm flying away.

And that is where I'll stay,
right there in Never Never Land.
I'll be flying, I'd be dying for love, appreciation.
Where mermaids would sing, and fairies would ring.
Right down there in Never Never Land.
And it's second to the right and straight on 'til morning,
yes it was second to the right and straight on 'til morning
in Never Never Land ,
in my Never Never Land
