I Burn

Reference number PT0998

I burn! I burn! I freeze!
In shame I hear my famished legions roar:
My own delay lost me my prey,
and damns myself the more!

Defeated, mocked, again I sink
In ice and flame, in ice and flame to lie!
But heaven's will I'll hate, and till Eternity defy.

Your sins, my foe, before I go
Give me some power to pain:
To reason blind shall be your mind;
Henceforth, be you insane!
