It's The Thought That Counts

Reference number PT1030

To handle any challenge in the press of life,
you manage with the list you have in hand.
When Christmas shopping fills you full of stress and strife,
you can do it 'cause you've thought it through and planned.

You can do it 'cause you've thought it through and planned.

I'm always telling Grandpa, "Don't worry what you get,
lets not rush down-town, run around, push and pull and fret.
We just recite this truth as all the pressure mounts.
It's not the gifts we give, it's the thought that counts.
It's not the gifts we give, it's the thought that counts.
