How Bout A Dance?

Reference number PT1062

How 'bout a dance?
What do you say?
I got some moves that I'd love to show ya
Let's find a spot and dance the night away

How 'bout a dance?
It's always fun
Come over here let me get to know ya
Can't beat a band to lift your spirits, hon
You look so handsome
How 'bout a dance?
Let's make a start
Music like this, can really throw ya
You'll lose the blues, and you may lose your heart

Tonight is the night I've been waiting for
Even the moon looks just right
I'm sure the crowd will make room on the floor
when they see you look like you do...

So, how 'bout a dance?
Let's make a start
Music like this can really throw ya
You'll lose the blues, and you may lose your heart
You'll lose the blues, and you may lose your heart
